All,

Firstly, we look forward to seeing you back at training this Sunday (5th March).

Secondly, with the uncertainty about the pool in Andover and any new facilities and times that may become available to us we would like to let you know of some other opportunities to play water polo. If you have any questions, or are uncertain about the suitability of any of these sessions then please ask either Katy or Roger. We appreciate that this does not cover our strong group of younger members, but we are still uncertain as to the facilities to be made available to us, either through our internal efforts as a club or via the council. We will provide further information as it becomes available but please also keep an eye of the club Facebook page and website.

County Water Polo - Basingstoke Aquadrome

On Sunday afternoons between 16:00 and 17:30 there are designated sessions for water polo players across the county (Andover, Portsmouth and Basingstoke). These sessions may lead to entering county teams into tournaments. Confident players at the top of one age group may wish to attend an older age group session in addition to their own. Registration is poolside and the cost is £5 on the day. Please contact Roger about the men's and ladies sessions unless you already have a direct invite. There may be changes to the men's and ladies sessions to make more availability to the county juniors. Please note that age group sessions are mixed.
